

96 NEW BUSINESS INDUSTRIES FOR CITY THIS YEAR

Chamber of Commerce Makes Public List—Will Give Employment to Total of 2,188 Persons.

Establishment of 96 new industries, employing 2,188 persons, and representing a capital investment of \$7,815,000, is announced by the industrial bureau of the Memphis Chamber of Commerce. These industries have all made final arrangements and have closed negotiations since January 1, 1926.

In the list are many companies already in business and which are now conducting an aggressive commercial campaign through the South. In a few cases, the companies have bought sites and are awaiting arrival of building material before plants are completed.

In discussing the projects, Mark Fenton, chairman of the industrial department of the Chamber of Commerce, declared that more than 200 other contracts are being discussed. While it is admitted that in some of these cases, Memphis will not gain the factories or showrooms, many of them virtually are closed and ready to enter the territory. The capital estimates are conservative and come from actual investigation of each company. The addition of the 2,188 employees with their families will mean a substantial boost in the population of the city.

The list of industries, together with offices or locations, follows:

Crawford-Newman Motor Co., motor cars, 848 Union avenue.
Automobile Boiler Cleaning Co. of Memphis, boiler cleaning appliances, Southern Art corporation, art calendars and advertising specialties.
Holloran Murphy & McLean, tractors, 482 Union avenue.

Morris Bloom, refining cotton, Adams and High street.

ROOSEVELT REITERATES G. O. P. FUND CHARGES

SAN FRANCISCO, Aug. 24.—Franklin D. Roosevelt, Democratic candidate for vice-president, in a statement issued here last night, reiterated charges that a "huge Republican campaign fund" was being raised, "so big that the presumption must be against the honest use of such a sum."

"Mr. Hays' explanation is not an answer, and it will not convince this country that he and his organization do not deserve a thorough spanking," Mr. Roosevelt stated.

He said Mr. Hays had not denied that the sum of \$700,000 was allotted as the quota for the city of Chicago to raise and charged that in Mr. Roosevelt's own county in upstate New York, Democratic county, the Republican quota was \$12,000.

COLLEGE OF AMERICAN DENTISTS IS FORMED

BOSTON, Aug. 24.—The formation of the College of American Dentists, which will promote research work in dentistry and confer degrees on those who have made notable advances in their profession, was announced yesterday at the convention of the National Dentists' association. The college will have headquarters at Chicago. Dr. John V. Consett, of Dubuque, Ia., was elected president.

Devises Lights To Teach Cotton Class Details By Night

With a new system of lights and reflectors which he devised by experiment during the summer, Ralph Wormeley, instructor in cotton classing at the Knights of Columbus free night school, will be able to teach all details of this work when the full term opens early in September.

Last spring Mr. Wormeley's class was one of the largest in the K. of C. school, with more than 50 pupils. Several of his graduates, these having had some previous training in cotton classing, are now holding positions that pay from \$2,500 to \$3,000 a year, according to records kept by J. S. Hardiman, registrar of the school. Indications are that the enrollment this year will be larger.

Mr. Wormeley originated the system of classing cotton by artificial light when engaged by the Knights of Columbus night school last year. He had a small system of pale blue electric lights of very high candlepower, which gave illumination that closely approached that of sunshine. By experiment this summer, he has perfected the system by adding reflectors of his own invention. Whereas it was possible last year for his students to class only the white grades, the new lights this term are designed to bring out the stains and the tinges and all other details in cotton classing.

The K. of C. cotton class will be free to all ex-service men and will meet at Vocational high school on three nights each week. The city board of education, at its meeting Monday night, engaged Mr. Wormeley to teach cotton classing on alternate nights at the continuation night school operated at Vocational high. The city will receive the benefit of the Knights of Columbus' equipment and lighting system in this work.

Caring for Baby During Hot Spells

Be watchful of food and keep bowels open with Dr. Caldwell's Syrup Pepsin

THE young mother soon learns from experience that summer days are often days that try her patience. The heat makes baby peevish, restless and cross. Foods that in colder weather were easily digested, now seem to cause distress.

Whether the milk or the gruel is at fault, see that the bowels move regularly. There is nothing that creates greater discomfort in the summer than constipation. It heats the blood and causes nervousness, headache, fever, colds and a host of minor ills. In these little ailments it is always well to suspect constipation and give half a teaspoonful of Dr. Caldwell's Syrup Pepsin. It is a combination of simple laxative herbs with pepsin, and the most ideal medicine you can give a baby. It is mild and gentle in action, never gripes and tastes good.

Mothers have had remarkable success with Syrup Pepsin. Mrs. C. M. Newton of 2430 E. Third St., Dayton, Ohio, has a son who was constipated from birth. She tried many medicines and gave warm water injections every evening for weeks, without benefit. Then she bought a bottle of Dr. Caldwell's Syrup Pepsin at a drug store, and it proved effective at once. The boy is now seven, and has not been constipated since. Wherever there is a baby these hot days there should be a bottle of Syrup Pepsin.

FREE Millions of people of all ages suffer from occasional or chronic constipation. Let them send name and address to Dr. W. B. Caldwell, 312 Washington Street, Monticello, Ill., for a free sample bottle of his wonderful Syrup Pepsin. 8 million bottles were bought at drug stores last year, the largest sale in the world.

Genuine Oriental Pearl Necklaces

Beautiful Strands of Graduated Pearls

BRODNAX displays of precious stones incorporate a most handsome collection of very fine real Oriental Pearl Necklaces. Each is developed of accurately graduated pearls at once attractive and distinctive. The necklaces are full sixteen inches long; however, if one's preference is for a longer strand, additional pearls can be had to make the required length.

DELICATE platinum clasps that hold the necklaces firmly and securely about the neck and assure safety, is one of the features of these Oriental Pearl strands that will appeal to every woman. The moderate pricings make choice of an unusual gift pleasing and delightful.

It's Toasted

—for your pipe!

Burley flavor stays in—when sealed in

LUCKY STRIKE tobacco is toasted to improve and preserve the Burley flavor. As in the famous Lucky Strike cigarette, this toasted flavor is delicious!

You see, when Lucky Strike is toasted the heat closes the pores in the Burley leaves. So this improved flavor stays there for months—years—until released by being lighted in your pipe.

You know the method of the bee with the honey-comb. The flavor is always there—inside. This is because the bee puts a thin coating of wax over the honey and seals it in so it lasts forever.

Exactly the same idea with Lucky Strike. The flavor is there—sealed in. Just buy a tin—
—you will enjoy the delicious toasted flavor.

Guaranteed by The American Tobacco Co.

—which means that if you don't like LUCKY STRIKE pipe tobacco you can get your money back from the dealer.

GAVE HER STRENGTH

Mrs. Miller Says That is What Lydia E. Pinkham's Vegetable Compound Did For Her—Read Her Letter—

Minneapolis, Minn.—"I was run down and nervous, could not rest at night and was unable to get up in the morning when I went to bed. I have two children, the youngest three months old, and it was dreadful to care for them as I felt so irritable and generally worn out. From lack of rest and appetite my baby did not get enough nourishment from my milk so I started to give him two bottle feedings a day. After taking three bottles of Lydia E. Pinkham's Vegetable Compound I felt like a new woman, full of life and energy. It is a pleasure to care for my children and I am very happy with them and feel fine. I nurse my baby exclusively again and can't say too much for your medicine."—Mrs. A. L. MILLER, 2633 E. 24th St., Minneapolis, Minn.

Since we guarantee that all testimonials which we publish are genuine, it is not fair to suppose that if Lydia E. Pinkham's Vegetable Compound has the virtue to help this woman it will help any other woman who is suffering in a like manner.
